## JOIN US FOR SCIENCE FAIR 2010

### April 16, 2010

### “X-TREME SCIENCE”

Turn your questions into an experiment and have fun finding out the answer! Have you wondered how what type of bread will grow mold first – wheat, white, or rye? Why do people put salt on icy roads? Are some rocks harder than others?

**Science Fair is Coming! - April 16, 2010!** We encourage everyone to register and turn in a Project Question starting March 5th -- you will have plenty of time to get a good head start and finish your project on time.

**REGISTRATION:** Please complete the Science Fair Registration Form and return this form to your **homeroom teacher** by **February 10, 2010**, if you wish to receive a Science Fair Packet (a folder containing your Experiment Notebook, Information Guide, project ideas, websites and more). Registration requests made after February 10, 2010 will be processed within 2 to 3 days after they are received.

You can also obtain Science Fair Registration Forms on the Maple Grove PTA Website. [www.maplegrove-pta.org](http://www.maplegrove-pta.org). **There is also listing of sites and other resources to generate ideas.**

If you have any questions, please contact Donna Walker, 2010 Science Fair Chair at 303-956-6429, or [donnajwalker@comcast.net](mailto:donnajwalker@comcast.net)

### MAPLE GROVE SCIENCE FAIR 2010 REGISTRATION (Turn in to your homeroom teacher.)

Yes, I want to register for Science Fair. Please send me the Science Fair Packet.  
(Your phone number and email are **VERY IMPORTANT**, please include it!)

Student Name \_\_\_\_\_ Grade/Teacher \_\_\_\_\_

Parent's Signature \_\_\_\_\_

Home Phone \_\_\_\_\_ E-mail \_\_\_\_\_

**PARENTS!** We have an excellent committee of parent volunteers and welcome you to join us. Check below if you can help in any way -- it takes many helping hands to run this show. A science background is **NOT** needed!

Yes, I can Help
